- They will be looking to ensure all appliances are in good working condition.
- All lights and fans run.
- All doors close and latch appropriately.
- No unsafe outlets.
- If you have anything that needs repair, please do not delay! Let us know right away.
- *Also, as mentioned, they may need to move personal items in order see or verify certain things. If anything needs to be moved, it will be placed right back. It is hard to identify what that might be, so the statement is there as a precaution.*

Spiritual Life Offering

"A quiet conscience makes one strong!" - Anne Frank

One of the three components of resilience, according to the Spark Model, is strength. Often, we think of strength as being big, loud, and commanding. Sometimes it is! And other times, strength is found in the quiet people and places, in doing the right thing day after day. Strength is seen in persistence when facing challenges and in perseverance through troubling times. Throughout our lives, as we collect experiences and come to understand the world in bigger, broader ways, we develop strength of conscience. In elderhood, we have the unique benefit of a lifetime of building this strength. May we seek opportunities to share this strength by building community, encouraging others, and choosing to do the right thing with each new day.
